

MEXICO MAY 2006

The end-of-the-school year celebration/banquet at Escuela La Nueva Esperanza Par Ninos was a big success. All of the children received certificates and awards for their advancements during the 2005-2006 school year. It was a great celebration with many proud parents and family members in attendance.

The school continues to grow! We will be adding another classroom and more teachers in September to accommodate the new students who will be joining the school in the fall.
